

At [Armenta Learning Academy](#) we aim to provide students with opportunities to grow through a wide variety of human interactions. This growth is nurtured through the foundations of enriching environments, such as the small class size and interactive field trips. We offer summer activities that provide students with hands-on, tactile experiences in addition to the classroom environment. Many of the summer activities serve as extensions to the regular school year curriculum. At ALA we help students to not fall behind and to prepare for the upcoming school year. We offer across the curriculum summer activities. We are also available for summer tutorial support. [Armenta Learning Academy](#) aims to give students an opportunity to develop and “field test” the many skills and attitudes that are introduced during their time with us. This provides the foundation necessary to foster growth in self-awareness and confidence. [ALA's](#) classes also enhance the development of talents, personal interests, social skills and esteem. [Armenta Learning Academy](#) offers additional classes which are tailored to the student as enrichment to the student’s regular curriculum structure. These classes are elective and complimentary to the traditional instructional curriculum, including a variety of courses that provide students with enrichment opportunities which cannot be provided through regular classroom activities. Our small class size, one on one educational support, and pace determined by the individual have so much to offer the student enabling them to reach success through newfound skills.

We are proud to introduce the [Pacific Marine Mammal Center](#) as a new recipient of our Armenta Angels Community Outreach program. Pacific Marine Mammal Center is a non-profit organization dedicated to the rescue, rehabilitation, and release of marine mammals stranded along the Orange County coastline and to the increasing public awareness of the marine environment through education and research.

There will be a collection box in the lobby for donations of the items on the list below. We will be visiting the PMMC in August and turning in our collected donations.

- Light Karo Syrup
 - Unflavored Pedialyte (We need this most, right now for all the pups)
 - Toilet Paper
 - Paper Towels
 - Dawn dishwashing detergent
 - Bleach
 - Liquid Laundry Detergent (Tide works best on our fishy laundry)
 - 3 inch chlorine tablets (found in pool supply section)
 - Rolls of 1 inch Masking tape (scotch or 3M brand sticks best to our fish buckets)
 - Blankets
 - White Photo Paper
 - Permanent Markers
 - Staples or Office Max gift certificates
 - Home Depot or Lowes gift certificates
 - Bottled Water
 - \$.41 Stamps
 - All Monetary donations are welcome
- Cash donations can be dropped off at ALA or mailed directly to:
 Pacific Marine Mammal Center
 20612 Laguna Canyon Rd.
 Laguna Beach, CA 92651

A Message from Mrs. Armenta:

We are looking forward to another successful summer and we are delighted to be a part of your child’s academic journey. There are so many adventures and enriching experiences planned at ALA for your children. It is truly a privilege and honor working with your children. Thank you for this opportunity and we look forward to seeing your children grow, develop and blossom. Be sure to take advantage of this extra time with your children this summer. This time is a precious gift.

Have a safe and Happy Summer!

We Make learning fun!

- Skills for school success/fall preparation
- Classes for credit/accelerated studies, early grad.
- Special needs and gifted programs
- College preparation & courses

ALA's Fun Field Trips/Classes this Summer

All events depending on participation! Get signed up today!!

Tidal Pools: Life and Discovery

High and Low Tide, Lunar Pull & Micro Habitats

Tidal Pool Discovery & Dana Point Marine Center
Tidal pools hold a wide variety of unique sea life. Many of the species exist in both water and air. We will be exploring the habitats of these animals first hand. The rocks are sharp so be sure to bring old shoes. Remember to bring sun block & supplies for a picnic.

Our Drinking Water:

Lakes, Rivers, Reservoirs, and Watersheds

Freshwater Fishing at Irvine Lake.

Adults \$20.00 Children \$9.00 (no license required)

Come spend the day on beautiful Irvine Lake fishing and telling fish stories. We will spend the day trying to catch the wily fish and have a picnic style lunch together. Bring your fishing gear, chair, sun block, hat & lunch.

Local Industry and Nature:

Wetlands, Back Bay, Local Fish Population & Growth Patterns

Newport Harbor Fishing

(Minimum one chaperone required per two children.) Cost is dependent upon participation.

Life in the Ocean: Above and Below

Macro Habitats, Ocean Population, Sea Life and Pollution Impact

Aquarium of the Pacific

\$8.00 per Participant

Class: **Spectacular Sharks**

We will spend the day at the aquarium and take a class about sharks. We will also tour the aquarium and see the diversity of life to be found in our oceans. Lunches will be provided for \$5.50 per student.

Marine Mammals: Their Habits and Habitats

Seals, Sea Lions, Porpoises & Whales

Pacific Marine Mammal Center

\$5.00 per Participant

It's time to take the donations we have collected and go see the animals we are helping. We will take a tour of the center and see where they take care of sick seals and sea lions. After the tour we'll have a picnic lunch on the grounds.

Beach Celebration

Currents, Waves, Wind & Sand

Celebrate the local beauty of California's shoreline at Camino Capistrano Beach.

We will keep our beaches beautiful by doing some beach clean-up. Bring a sack lunch, sun block & beach gear.

Beach Activities and Sand Castle Contest.
